NPIC/TSSG/DED-1264-68

9 May 1968

MEMORANDUM FOR: NPIC Contracting Officer

SUBJECT:

25X1

1. The subject contract is for the fabrication of a Prototype Twin Stage On Line P.I. Comparator and a Precise Measuring Comparator. Item 1 of the scope of work is for the fabrication of the Twin Stage On Line P.I. Comparator. This item requires fabrication in accordance with the Contractor's proposal dated 7 December 1967 as revised by letters dated 16 January 1968 and 4 June 1968, the Development Objectives dated 17 February 1967 as revised 5 October 1967, and the Comparator Specifications dated 12 June 1968. Additionally, Item 1 states that where there is a conflict in these references, the conflict shall be resolved in writing by the Technical Representative.

2. Because there is a definite conflict between the referenced documents, it is recommended that your office notify the Contractor regarding the priority that should be attached to the documents. It is as follows:

a. The primary document should be the Specifications dated 12 June 1968.

b. Where the primary document does not cover a specific item the order of priority shall be:

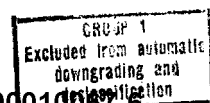

(1) The Contractor's proposal as revised

(2) The Development Objectives as revised

In addition it is suggested that the clause concerning the resolution of conflicts be retained to enable the Government to resolve any unforeseen conflict.

NGA Review Complete

3. Although the Development Engineering Division is technically responsible for the total contractual effort, it is understood that the Development Engineering Division will rely on the Techniques & Development Division/DIAAP-9 for guidance in the development and assistance in the acceptance of Items 2 through 9.

Acting Chief, DED/TSSG
